

A sample command-line application with an entrypoint in `bin/`, library code in `lib/`, and example unit test in `test/`.

```
dart compile exe bin/main.dart
```

```
./bin/main.exe
```

- ? Are you using a splash screen? (y/N)
- ? Are you using animation or shimmer? (Y/n)
- ? Is your app responsive? (y/N)
- ? Do you need notification? (y/N)
